

ANGUS - GIPPSLAND - STUI

Welcome to our 2024 Stud Bull Sale. This year's AI bulls are sired by Coonamble Hector H249. Hector offers and outcross alternative who adds capacity and muscling and improves foot structure and docility. Hector has been widely used in many leading Angus Studs throughout Australia. We have been delighted with his progeny in the Latrobe Park herd and we are confident that his progeny will live on through his sons and daughters.

Our other stud bulls on offer are by our own home-bred sire Latrobe Park Braveheart M202. Latrobe Park Braveheart M202 is by the legendary New Zealand sire Braveheart of Stern. Braveheart of Stern has bred well at Latrobe Park Angus and has left a legacy of thickness, sound feet, body capacity and flawless disposition within our herd. His daughters within our herd are amongst our most productive and fertile and impresses every cattleman/woman who inspects them.

We are confident that our 2024 Stud Sale bulls will go on to breed well for their new owners. As always, we have a money back quarantee if you are not completely satisfied with your bull.

Please do not hesitate to ring us for more information regarding our stud bulls and to arrange an inspection. The bulls will be sold by private treaty from 1.3/2024.

Kind Regards

Laurie Baccega 0400 671 765
